ALLIED-AMERICAN ARMY WILL OCCUPY BERLIN

BERLIN PRESS SAYS AC. TION IS REPRISAL.

Serious Disorders on Streets. Spa Council Forbids Mortgaging.

Copenhagen, Dec. 5.—Allied and American forces will temporarily oc-cupy Berlin as exercising police supervision, according to the Deut-sche Allegemine Zeitung, of Berlin, which says that an American wire-less dispatch to this effect has been intercepted by the Germans. The newspaper says that Mannheim will be similarly occupied. The reason for this action on the part of the allies is said to be "a regrettable in-cident during which a supervisor of a prisoner's camp shot three French-men."

Firing on Streets.

London, Dec. 6.—Serious disorders have arisen in Berlin and considerable firing has occurred in the prin-cipal streets, according to reports reaching the Dutch-German frontier, says an Exchange Telegraph dispatch The trouble is from Amsterdam. The trouble is said to have been caused by the Ger-

The Zurich correspondent of the Paris Journal reported Thursday that he had received advices that a ter-rorist revolution would break out in Berlin Friday evening. The revolters, it was added, would be led by Lieb-knecht, the radical socialist, who was said to have 15,000 well armed men under his command.

From the foregoing dispatch it is apparent the disorders took place be-fore Friday evening.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the grify hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—(Adv.)

Neatly dressed in their traveling costumes, the young ladies were fresh-looking and very pretty, to say the least. The young boys seemed a little nervous at first, but when, in a sweet voice, one of the newlywed wives said, "Don't take it so seriously. I am not at all afraid of papa," they then joined in the conversation, and ere long even cautious detectives were quite captivated and joined in the fun. The couples were regarded as honored guests and were shown the sights, including the local "rogues' gallery," by the detectives.

MISS EMILY SUNDERLAND.

Miss Emily R. Sunderland, catetorian secretary of the Young Women's Christian association, died this morning at 10:30 at the association building with bronchial pneumonia. Miss Sunderland had only been confined to her bed one week today. While bronchial pneumonia is considered dangerous from the start, no uneasiness of im-mediate demise was experienced. She mediate demise was experienced. She was taken very much worse this morning. Her aunt, Miss Almeda Screven, is expected to arrive at 4 o'clock this afternoon from Delavan, III. She would have been here sooner but for with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. SCHOOL CHILDREN STERILIZE NOSES, AVOID CONTAGION

Influenza, Pneumonia, Meningitis, Diphtheria, Smallpox, Scarlet Fever, Measles, Whooping Cough and Many Other Contagious Diseases Contracted at School Through Nose.

Parents are advised to teach their children, as part of their daily toilet, how to sterilize the nose and throat with Eucapine, the preparation of O1. Eucalypti, which became so popular in this country during the epi-demic of influenza and pneumonia. A child can be shown in a minute how to use it, and, if reminded by the parent, will do so systematically without assistance or objection.

The child dips its little finger into

the jar of Eucapine and introduces it up each nostril nose between the thumb and first finger, suddenly releases it as he draws in his breath, thus sniffing the Eucapine back into the throat. The Eucapine gradually spreads over the throat, tonsils, ear ducts and larynx, sterilizing, cleansing and healing any inflammation or irritation and preventing the formation of adenoids enlarged tonsils, earache, deafness

and serious lung diseases.
Sterilization with Eucapine keeps the nose clean, healthy, comfortable and free from germs; relieves simple croup, coughs, colds and sore throat almost immediately, and is so pleas-ant that even the youngest children learn to call for their jar of Euca-pine and use it for themselves whenever they feel a cold or sere throat coming on. Colds are contagious, and if every member of the family. especially those who must breathe the infected dust of public buildings streets and conveyances, would make sterilization with Eucapine a part of their daily toilet, much sickness

would be avoided.

NOTE: The product referred to above may be obtained at any drug store for half a dollar, and a jar should be provided for each membe of the family, including the servants especially the nurse.—(Adv.)
